State Action

The Source tracks state activities impacting healthcare price and competition in both legislation ([The Database of State Laws Impacting Healthcare Cost and Quality](#)) and litigation in a searchable database to help stakeholders at the state level understand their legal and regulatory environment as they make efforts to improve access, quality, and efficiency, and reduce costs in healthcare.

Click on the maps below to find out more about active states this term or search the database for specific laws and cases.

**Note: Current legislative session bill updates are ongoing. Check back weekly for updates.*
