

[Publication] JAMA Health Forum Article Highlights The SLIHCQ Database

JAMA Health Forum™

Hot off the press: JAMA Health Forum article [Promoting Health Care Transparency via State Legislative Efforts](#) highlights state health transparency legislation from The State Laws Impacting Healthcare Cost (SLIHCQ) Database, a public database established by The Source on Healthcare Price and Competition and [Catalyst for Payment Reform](#) (CPR).

The article looks at specific examples of state transparency legislation catalogued in the database including:

1. All-payer claims database (APCD) - New Hampshire, Colorado
2. Right-to-shop - Maine, Utah
3. Surprise or balance billing - New York

Find out details of these state legislation and more on the [SLIHCQ Database](#) now available on The Source!
